

Asahi/America
Invites you to SEMICON West + FLEX 2024
July 9–11, Moscone Center, San Francisco

Join Asahi/America (booth #345) at SEMICON West this year as we talk about high temperature process solutions. Processes continue to evolve, and in response, Asahi/America has introduced a line of mid- and high-temperature valves which can be used up to 200° C. Additionally, we are expanding our available sizes and connection styles for our multiport valve (MPV) custom manifolds. We hope to see you at the show!

Register today for a **complimentary Expo Pass (single day)**, or the lowest rates available for the **Expo Plus Pass (\$100)**, **Thought Leadership Pass (\$780)** or **All-In Pass (\$1,120)**.

The combined shows bring the diverse global electronics supply chain together to address the ecosystem’s greatest opportunities and challenges through programs highlighting:

Market Intelligence | Smart Manufacturing | Sustainability | Workforce Development | AI | Cybersecurity | Supply Chain Management | and much more!

SEMICON West 2024 is North America's premier conference and exhibition that gathers semiconductor manufacturing industry. Join industry leaders, experts, and visionaries.

The FLEX Conference & Exhibition at SEMICON West, is the leading industry event focused on flexible hybrid electronics (FHE), hybrid electronics, printed electronics, and advanced packaging innovations.
