

July 26, 2024

Dear Daniel Alvarez,

Thank you for visiting Asahi/America's booth #345 at SEMICON West in San Francisco, CA from July 9-11, 2024.

As a manufacturer and supplier of thermoplastic fluid flow solutions, including piping systems, valves, actuation, and welding equipment, Asahi/America is committed to understanding the challenges the semiconductor manufacturing industry faces and providing complete and reliable solutions.

The enclosed literature provides an overview of our products, all backed by our team of experts, who are available to assist with CAD services, engineering and product installation advice, custom fabrication offerings, education, and training.

I also invite you to visit our website at www.asahi-america.com. There you will find:

- Engineering design guides for piping and valves
- BIM and CAD library
- Technical articles
- Case studies
- Installation manuals
- Product/installation videos
- And more

With the support of our distribution network, Asahi/America is ready to assist you with your next project, from concept to completion. If you have any immediate questions, inquiries, or concerns, please feel free to reach out to me directly.

Best Regards,

Robert Cosgrove
